

## Seat Me Safely

# Too big for forward facing seat\*

Child stays in forward facing car seat while they still fit. Child may then move to a booster seat.

*\*4 years to 7+ years*

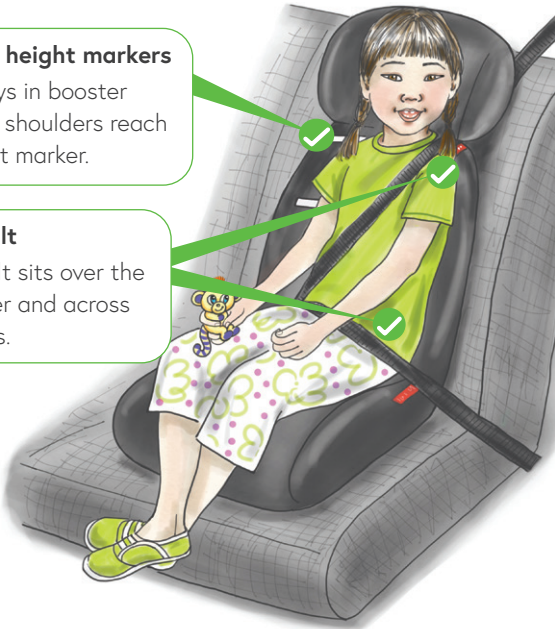

# Seat Me Safely

## Shoulder height markers

Child stays in booster seat until shoulders reach top height marker.

## Seatbelt

Seatbelt sits over the shoulder and across the hips.

## RED seatbelt path

Seatbelt goes through the RED path.

## Top Tether

Not all booster seats have a top tether. If the booster has a top tether, attach it to the anchor point. It should be firm with no twists.
